Dear Mr Dransfield,

**Reference CSAI – 0372**

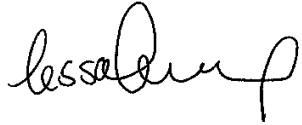

Thank you for your email correspondence to Justice Goddard, dated 16 February regarding the Independent Panel Inquiry into Child Sexual Abuse and your request to Sussex Police for tapes recording police interviews with Jimmy Saville. Your correspondence has been passed to the Inquiry Secretariat. Please accept my apologies for the delay in replying to your email.

Thank you for offering to provide evidence to the Inquiry concerning the Information Commissioner and the ICO's part in allegedly perverting the course of justice. I note that you have received a response from the Information Commissioners Office regarding your application under the Freedom of Information Act 2000.

It is of utmost importance that children and young people are kept safe from all forms of abuse. With this aim in mind, the new statutory Inquiry will consider, in line with the terms of reference (to be agreed by the Home Secretary in consultation with Justice Goddard), the extent to which, both state and non state institutions, have failed in their duty of care to protect children from sexual abuse and exploitation.

I would like to thank you for taking the time to give your comments. Your correspondence has now been logged and you may be contacted in due course.

Yours sincerely
